ACKNOWLEDGMENT:

This index to the first five volumes of Library Materials on Africa is based on work carried out in the 1960s by students of the College of Librarianship Wales studying for the Bibliography and Librarianship of Africa South of the Sahara paper in the Library Association examinations.

In its original form the index covered only the first number of Volume V. It was completed and edited by Mr. Alfred Mashembo, a Tanzanian student at the College. The present index is the outcome of further editing and revision by Mr. D.H. Varley and his wife.

The index is reproduced here by kind permission of the SCOLMA Committee. It should not be further reproduced in any form without prior written permission from the Secretary of SCOLMA, c/o Institute of Commonwealth Studies, University of London, 27-28 Russell Square, London WC1B 5DS.
