These microfilms have been prepared from Volume 38 of the "D" series of Records, 1866-1874 and selected extracts from the "E" series and volume D.46, for the period 1866-1900.

The contents of the reels are as follows:

Reel 1.	D.38	pages 509-1651
" 2.	D.38	" 1652-2752
" 3.	D.38	" 2757-3121
" 4.	Extracts from series "E" miscellaneous volumes and D.46.	

To enable students using this microfilm of Series D, vol.38, pages referring to MADAGASCAR have been listed below. The volume also has letters from Mauritius and the Seychelles, and it has been microfilmed in toto from p.509 when the Madagascar Mss begin in 1866. Some letters refer to customs of the islands and events among the Hova, Betimisiraka and Sakalava people, and the political background is also reflected, including the death of Rasata and the accession of Queen Ranavalona II in 1868. The Society's first two missionaries were stationed at Tamatave and Foule Point, but later were also at the capital, Antananarivo.

Numbering: Due to the pages often being folded in, the page **number as appearing** on the film refers in many cases to the previous page.
